

Jack Meets Nixon

Hopes Meet Will Heal The Wounds

KEY BISCAVNE, Fla. AP—Winner John F. Kennedy and the presidential election loser, Vice President Richard M. Nixon, met today at a history-making conference which Kennedy hopes will heal the wounds of the campaign.

Victor and vanquished, both smiling broadly, got together at 11:33 a.m. EST, at Nixon's vacation headquarters at this sun-baked island haven a few miles south of Miami.

Kennedy flew to the conference from his own rest spot at Palm Beach, Fla. He took the initiative in setting up today's historic conference.

Kennedy landed at the Miami airport and then drove here by auto.

Nixon, looking trim in a gray suit, was standing in front of the Key Biscayne Hotel when the young president-elect's motorcade pulled up. As Kennedy stepped from his car into a crowd of applauding well-wishers, he and the vice president shook hands heartily.

It was their first meeting since their fourth and final television-radio debate late in the campaign. With spectators surging all around, Kennedy—in a dark gray suit with a white pin stripe—then walked alongside Nixon for about a block to the vice president's private villa, No. 69.

There, as he and Kennedy entered, the president-elect introduced his press secretary, Pierre Salinger, to Nixon.

Nixon congratulated Salinger on "a good job," during the campaign, and added:

"It's a tough job, isn't it? How do you handle the photographers?"

He made that remark as cameramen crowded in from all sides for photographs of Kennedy and Nixon.

At that point, the two men disappeared inside the Nixon villa. They were alone there—without aides or even Secret Service agents.

Herbert G. Klein, Nixon's press secretary, said he knew of no plans for the president-elect and Nixon to lunch together. Kennedy planned to return to Palm Beach in the early afternoon.

Nixon had been waiting for Kennedy in front of the hotel's main entrance for about 15 minutes when the president-elect arrived about three minutes late.

While he waited, newsmen asked Nixon whether he would be interested in a post in the new administration. He replied:

"I don't want to say anything now. After I talk with him (Kennedy) I will know what I should say."

Nixon then recalled that he and Kennedy had met at the same hotel four years ago and had breakfast together on the patio.

The Key Biscayne Hotel was a favorite Nixon vacation retreat. If he had been elected, it could have become the Little White House.

The vice president's wife Pat and their two daughters, Tricia, 14, and Julie, 12, were on the nearby beach when Kennedy was welcomed by the vice president.

1 Man Is Dead, Another Injured In Gun Fracas

LIBERTY, Mo. (AP)—One man was killed and another was wounded critically Sunday night in a shooting near Liberty.

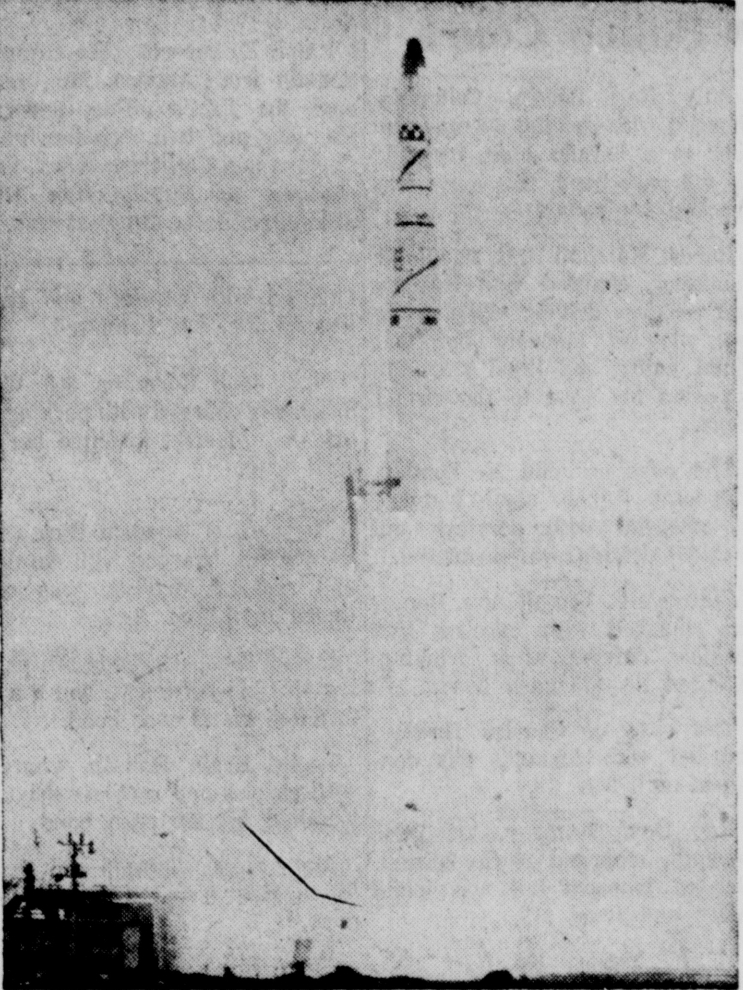

John E. Barnes, 56, of Rt. 3, Liberty, died of two bullet wounds in the neck. Walter T. Simmons, 44, Liberty, was listed in poor condition at the North Kansas City Hospital.

Clay County sheriff's officers said the shooting occurred at the home of Barnes, father of Simmons' estranged wife, Helen.

Simmons, they said, apparently was waiting at the gate for Mrs. Simmons to return from work at a supermarket. The shooting occurred, they reported, after Barnes went out to open the gate so Mrs. Simmons could drive in.

Both men were armed with .22 caliber revolvers, they said.

Deputies said the gate had been wired shut and telephone wires to the Barnes home were cut.

Seize \$400,000 In Art

Agents Break-up Smuggling Ring

NEW YORK (AP)—Treasury agents have smashed a nationwide art smuggling ring and seized more than \$400,000 worth of Chinese art objects brought illegally into this country from Communist China.

The investigation took agents half way around the world and to at least six cities in this country.

The most valuable item recovered was an 800-year-old scroll painting of magpies and butterflies attributed to the artist, Emperor Hui Tsung of the Sung dynasty. It was valued at \$65,000.

Another smuggled scroll, the Treasury Department said Sunday was a 12th century painting, "Birds and Flowers," sold to the Boston Museum and valued at \$25,000.

Agents said other smuggled objects were found in the Cleveland Museum and the Freer Gallery, Washington, D. C.

Dealings with Red China are forbidden under the Trading with the Enemy Act.

The biggest haul was at the Loo Galleries, in midtown Manhattan, where paintings, screens and other objects, including the \$65,000 Hui Tsung scroll, were recovered.

Bartel Takes Lead From M. Moulder

JEFFERSON CITY (AP)—The tight race for ballots in the 11th District between Rep. Morgan Moulder, Democrat, and Robert Bartel, Republican, continued today as the absentee count neared the end.

The lead shifted to Bartel with returns from Moniteau County, where he got 228 votes to 163 for Moulder.

That gave Bartel a lead of 56 votes with Randolph and Benton counties still out.

Earlier Saline county had given Moulder an additional 12 votes in the settlement of a dispute over 18 contested ballots.

Counties still out are Randolph, which went almost 2 to 1 for Moulder in the ballot box count, Moniteau which favored Bartel by about 500 votes and Benton which went almost 2 to 1 for Bartel.

Good Idea

Youth Is Wounded While Cleaning Gun

James Mike Green, 15, son of Mr. and Mrs. William E. Green, Route 1, Sedalia, was severely wounded Sunday evening while cleaning his .22-caliber rifle at the family home. The boy was brought to the Bothwell Hospital in Sedalia in the family car.

According to reports the boy was cleaning the gun when it accidentally discharged. The bullet struck him under the left breast, struck a rib and ranged around the left side and emerged from the body under the left arm.

Dr. C. Gordon Stauffer rendered medical treatment to the boy and had him admitted to the hospital.

Seniority Advantage For Ed Long

Will Rank Higher On Committee List For Appointments

WASHINGTON (AP)—Sen. Edward V. Long, D-Mo., will have a seniority advantage over new senators when Congress convenes in January.

Long was appointed by Gov. James Blair of Missouri to fill a vacancy created by the death of Sen. Thomas C. Hennings Jr., D-Mo., until the November elections. Long then was elected last week to fill Hennings' unexpired term.

When the new session convenes, Long will have the slight seniority advantage over those senators elected last week.

He may receive more consideration for committee appointments and would rank higher in the list of Democrats on his committee than those entering the Senate for the first time.

Sen. Stuart Symington, D-Mo., likely will continue as a member of the Armed Services Committee, going from fifth to fourth ranking spot in the Democratic list as Sen. Lyndon B. Johnson, D-Tex., takes up his vice presidential duties.

He also is a member of the Space and Agriculture Committees and no doubt will remain on them.

In the House, two Missourians, both reelected, will stay on the Ways and Means Committee. They are Frank Karsten, D, and Thomas B. Curtis, R.

Rep. W. J. Randall, who also member of the House Agriculture Committee and associates believe he will remain there. Jones also is a member of the House Administration Committee.

Rep. Leonor K. Sullivan is eighth ranking Democratic member of the Banking and Currency Committee and will advance to seventh place due to voluntary retirement of Rep. Paul Brown of Georgia.

Rep. W. J. Randall, who also was among Democratic members re-elected in Missouri, is a member of the Interior Committee and would advance somewhat in the seniority list if he remains there.

If Rep. Morgan Moulder is re-elected he will remain the second ranking Democratic member of the House Commerce Committee.

As in the last several years, Rep. Richard Bolling, D, will continue as a member of the powerful House Rules Committee.

Revolt Is Crushed

Planes, Troops Strike at Rebels

GUATEMALA AP—Paratroops and rocket planes Struck at rebel strongholds in northeast Guatemala today as President Miguel Ydigoras, 62, claimed the revolt against his conservative government has been crushed.

A state of siege, modified martial law, was proclaimed in the mountainous Central American republic. Press censorship was imposed.

Ydigoras blamed the attempted coup on low-ranking army officers. He linked the uprising with unrest in Nicaragua and Costa Rica within the last 24 hours and indicated he felt Cuba was behind the plot.

In Havana Fidel Castro's government denied it had meddled in the affairs of the Central American countries.

Ydigoras predicted the last of the rebels would be wiped out today. He flew to the scene of the fighting to take personal command.

An army force of 3,000 and bombers carrying paratroops were attacking rebel concentrations at Puerto Barrios, on the Atlantic Coast 150 miles northeast of the capital, and Zacapa, 70 miles northeast. Military garrisons at these two cities reportedly were taken over Sunday by rebels.

At Puerto Barrios the commander, Col. Rodolfo Gonzales Centeno, and two other officers were killed. The commander of the Zacapa garrison, Col. Ramon Gonzalez, escaped and fled to the capital to spread the alarm.

A government communique said Air Force bombers destroyed the runways at Puerto Barrios to prevent any attempt at "reinforcements for the rebel movement that might be flown in from Cuba," a haven for many Guatemalan exiles.

Within a few hours after the revolt broke out Ydigoras claimed that all but 300 of the rebels, including most of the instigators, had been captured. He imposed a 30-day state of siege and called Congress into an emergency session.

In neighboring Nicaragua, President Luis Somoza blamed the revolt in his country that started on Friday on the Cuban government. It apparently failed, but a handful of rebels were holed up in a teachers' school not far from Managua, the capital, and holding the students and local military commanders as hostages.

The Nicaraguan revolt spilled over into adjoining Costa Rica. Col. Alfonso Monge, commander of the Costa Rican Civil Guard, and three of his men were killed in a battle with the rebels.

Costa Rican President Mario Echandi said his country was trying to preserve its neutrality by preventing the Nicaraguan rebels from using it as a base for invading Nicaragua.

Gen. Gursel Ousts 14 Top Turk Leaders

ANKARA, Turkey (AP)—Gen. Cemal Gursel, 65, emerged today as political leader of Turkey after firing 14 members of the revolutionary government that took over after the ouster of Premier Adnan Menderes last May.

Gursel told correspondents Sunday night the shakeup strengthened the moderate wing of the revolutionary government and "put an end to discord within the country's ruling National Unity Committee."

Heading the list of those dismissed was Col. Alpaslan Turkesh an extreme nationalist who once supported the union of all Turkish speaking people including those living in the Soviet Union.

His chief rival, Maj. Gen. Cemal Madanoglu, was among officers appointed to a new 23-member National Unity Committee announced by Gursel.

See Little Farm Income Change

Marketing Problems Face Administration

WASHINGTON (AP)—The Agriculture Department predicted today the incoming Democratic administration may run into live-stock price and marketing problems next year.

The forecast was made in a 1961 outlook report prepared for farm economists and state extension officials attending an outlook conference sponsored this week by the department.

The report forecast little change in net farm income in 1961 from the 1960 level which is running at the annual rate of \$11.4 billion, compared with \$11.3 for the full 1959 year.

During the recent campaign president-elect John F. Kennedy advanced a new farm plan designed to increase farmers' earnings. The report made no reference to this plan. The new administration will hardly have time to make many changes in farm programs for the 1961 year.

"The general stability of farm prices, farm cost rates, and farm incomes in 1959 and 1960 is expected to continue in 1961," the department said.

But trouble for the new administration was forecast in these words:

"In 1961, the prospective increase in marketings of cattle, and sustained or larger hog marketings later in the year, could lead to further decline in cattle prices and possibly a greater than seasonal reduction in prices of hogs in the fall months."

"In recent years, hog production has usually increased for two years before turning downward," the report said. "Should favorable

Integrate Louisiana Schools

US Marshals Take The First Negro Students to School

NEW ORLEANS, La. AP—U.S. marshals accompanied four Negro girls into two white schools today, the first Negroes to attend white schools here in almost a century.

White spectators booed as three Negro girls walked into McDonogh No. 19. The few Negroes in the crowd applauded. Another girl entered William Frantz School.

Police stood cautious vigil in front of the schools and ordered people to stay on the neutral ground facing the McDonogh school.

At McDonogh, the only disturbance caused by the entry of the three Negro first graders was vocal. There was no other demonstration.

One white woman yelled out as the Negro girls drove in three automobiles with the federal marshals.

"I'm going in there and get my children out. I'm no nigger lover," she said.

Some white parents entered the building reportedly to take their children out of classes.

As one white man brought three children out of the school a few minutes later, a roar of approval came from the white spectators huddled in front of the building at McDonogh.

At Baton Rouge, there was some indication the legislature — battling to keep the schools segregated despite the federal court order — was ready to give in.

House Speaker Tom Jewell, served with a restraining order to prevent his interference with the integration move, said the legislature would quit work today after a brief session.

State troopers reportedly contacted each school principal telling each one to close the school in line with the legislature's directive. But they reportedly were told that the principals were following the orders of the school board and remaining open.

A caravan of state police officers massed on the fringes of the city, under orders from the Louisiana Legislature to enforce the closure of the city's public schools. At least 75 officers were reported in the group.

At Baton Rouge, Lt. Col. Thomas D. Burbank, assistant director of public safety, said there were 40 officers en route to New Orleans.

Castro Leaders In Brief Clash At A Cathedral

HAVANA (AP)—Supporters of Prime Minister Fidel Castro clashed briefly Sunday night with Mass-goers in Santiago Cathedral over the reading of its archbishop's anti-Communist pastoral letter.

Shouting revolutionary slogans and chanting Castro's hymn, the crowd of about 60 persons interrupted the services. One woman was injured slightly in the scuffling. Some of those involved were taken to police headquarters but were released almost immediately.

Entitled "Rome or Moscow," the letter did not mention the Castro regime directly but exhorted Catholics to rely more on their own strength and less on U. S. military and economic support in the war against communism. It was read only in the Santiago archdiocese, which does not include Havana.

District Wool Competition To Be Held Here Saturday

County winners representing Cass, Bates, Johnson, Henry, Morgan, Hickory, Camden, Benton and Pettis Counties, will participate in the Sedalia District Make It Yourself With Wool Contest which will be held at the First Methodist Church, Fourth and Osage Saturday. Judging will begin at 9 a.m. Mrs. Paul Houston is the district director.

This contest is sponsored by the Women's Auxiliary to the National Wool Growers Association and the American Wool Council and locally by the Sedalia Chapter of the American Business Women's Association, with Mrs. Mary Maddox chairman.

The Sedalia Chapter of the American Business Women's Association will have the contestants at a luncheon at noon that day.

The Pettis County contest, of which Miss Opal O'Brian was director, was held last Saturday, with Rosalee Mergen, 20, Route 4, Sedalia, and Delta Reine, 18, Route 4, Sedalia, winners in the senior division; Glenda Teter, 17, Smithton, and Bami Baumgardner, 15, 1817 West 11th, winners in the junior division and Susan Longan, Route 3, Sedalia, and Donna Hilburn, 1012 South Missouri, in the beginners division.

A fashion show was held following the judging with the 19 young contestants modeling very beautiful and colorful dresses, suits, coats and skirts they had made with matching or contrasting colors in hats, shoes and accessories. Each looked very lovely and modeled their garments with real charm. Mildred Reed played organ music.

Girls entered in the contest in addition to the six winners were Linda Gayle Allcorn, 15, of 814 East Tenth; Susan Alexander, 14, Route 4, Sedalia; Janice Clark, 17, Hughesville; Peggy Craig, 17, of 922 East Seventh; Sandra Crow, 17, of 1909 South Montauk; DeLores Gwinn, 17, of 667 East Tenth; Patty Sewell, 15, of 2400 West Third; Judy Scott, 16, of 671 East 15th; Betty Van Natta, 15, Route 3, Sedalia; Alice Lee Vogel, 16, Southern Hills, Sedalia; Peggy White, 16, Green Ridge and Sandra Winebrenner, 16, of 1210 South Arlington.

Rosalee Mergen, who won in the senior division wore a suit of beige basket weave. The four button jacket was fashioned with round collar and the plaid skirt with kick pleat. With this she wore a brown hat and shoes and carried a brown purse. She had been a 4-H member for eight years and is employed as a bookkeeper at Sedalia Auto Parts. Rosalee, however, hopes to go into nurses training.

Delta Reine, also a winner in the senior division, had a very beautiful walking suit of green bold plaid. The jacket designed with dolman sleeves had two buttons and patch pockets. The skirt had an inverted pleat. With this she wore an off white hat, gloves and blouse and her shoes and bag were green. Delta has been a 4-H member for nine years and home economics for one year. She is in college where she is taking home economics.

Glenda Teter's entry is a basic dress of charcoal shade made with raglan sleeves, wide buckled belt and soft pleats. With it she wore a green scarf and hat, black gloves, black kid purse and shoes. Glenda has been in 4-H for seven years and has had home economics three years. She plans to go to college where she will take home economics. She attends Smithton High School.

Bami Baumgardner wore a black jumper which she had made with white blouse with round collar, and a black and white wool jacket and a gold circle pin. Her shoes and purse were black. She is in the tenth grade at Smith-Cotton and has had three years in home economics which she plans to specialize in when she goes to college.

The beginners division for girls 13 years old includes only the county and district contest. This division does not go to the state.

Susan Longan's all wool straight skirt is of brown and aqua hound's

tooth check made with a kick pleat. She is in third year clothing in 4-H and has been in 4-H for four years. She plans to go to college but is undecided what she will major in.

Donna Hilburn's skirt, designed with a kick pleat, is of luggage brown. Her shoes, purse and blouse are brown. In the eighth grade at Smith-Cotton, Donna has been a 4-H club member for three years and this is her first year for home economics, but she plans to take it when she goes to college.

The girls competing were each presented with a gift. The prizes for the county contestants were donated by Ellenly Fabrics, California Woolen Mills, Sears Roebuck and Company; Montgomery Ward; House of Fabrics; Necchi and Elna Sewing Machine Company; Singer Sewing Machine Company; B and B Cleaners; Lyles Cleaners; Sedalia Cleaners; One Hour Martinizing Cleaners; Pfeiffer's; Connor Waggoner; Mode O' Day, Chapman's and Main Street Drug.

Merchants contributing for the gifts as prizes for the district contest are: C. W. Flower Co., Bichsel's, Jiedel Vogue, Sage's and the Sedalia Chamber of Commerce. These prizes, along with prizes from national sponsors will be awarded to contestants.

All garments must be made of 100 per cent American - loomed wool fabric and the work of the contestant.

The senior and junior divisions have county, district, state and national competitions. The Sedalia District previously has had contestants win in the state contest and go on to national, each making a good showing at the national.

Absentees to Decide Alaskan Outcome

JUNEAU, Alaska (AP) — Some 4,000 absentee ballots will decide who gets Alaska's three electoral votes.

With unofficial returns in from 250 of the state's 300 precincts, Vice President Richard M. Nixon had 27,312 votes to President-elect John F. Kennedy's 26,798.

This gave the Republican candidate a margin of 514 votes. The absentee ballots can't be counted until Friday under Alaska law.

Couple Found Dead Of Bullet Wounds

NEVADA, Mo. (AP) — Harry Lee Cruce, 48, and his wife, Thelma, 52, were found dead of pistol bullet wounds Saturday in their bathroom. Coroner Richard L. Shorten said it was murder and suicide and a pistol lay beside Cruce, a herdsman at Missouri State Hospital No. 3.

An Awesome Burden

The awesome burdens of the White House, greater perhaps than should be borne by any one man, begin now to fall upon president-elect John F. Kennedy.

Within a mere matter of days and weeks, he must choose his secretary of state, his secretary of defense, his budget director, and many other key officers to take over when he is inaugurated Jan. 20.

No office in the world carries more weight and influence than the American presidency. It is the focus of free men's hopes for peace. It is at once the symbol of the free spirit and the gathering point of immense practical power.

The millions of Americans whose decision elevated Kennedy to the presidency will want him to demonstrate with reasonable speed what he intends to do about the great problems that threaten the peace. Our warm friends abroad will be watching no less keenly.

How shall we meet the continuing crisis of free Berlin under mounting menace from Khrushchev?

What can we do to determine clearly whether the Soviet Union seriously intends to agree to nuclear and possibly general disarmament?

What can we do speedily to shore up NATO's faltering structure and give it new life?

What, if anything, can we do to assist France in its terrible dilemma over Algeria.

How shall we reverse the Communist tide that has engulfed nearby Cuba, laps at the shores of all Latin America, ebbs and flows perilously in the Congo and elsewhere in Africa and Asia?

And how can we manage all these matters, and many others, while still devoting our energy and resources to advancing American well-being at home? The new president will face a problem of farm surpluses long resistant to solution. There are growing needs in education, in health, in highways and other public facilities. The economy must be encouraged to rise to the urgent occasion.

The totality of the problems placed almost instantly upon Kennedy's shoulders is frightening. But their magnitude is not the full story.

For he must balance his programs and policies with nearly superhuman delicacy, mindful on the one side not to tax American resources beyond wise limit, on the other not to spare imagination and vigor in a great contest with tyranny whose final stake is the survival of free men.

All Americans must wish the president-elect well in this task. The quality of our future is tightly bound up in his success or failure.

Washington Merry-Go-Round

Herter Proposes Bipartisan Gesture

By DREW PEARSON

WASHINGTON — Secretary of State Herter, who refused to make any speeches for Nixon during the campaign, has recommended that President Eisenhower take President-elect Kennedy with him to Paris for the NATO meeting in December.

Herter, who is playing for history more than for politics, feels that this bipartisan gesture would show our allies that the USA is united and that the new President will get bipartisan backing for vigorous leadership in the North Atlantic Alliance.

President Eisenhower however, doesn't seem enthusiastic. He has looked upon his last trip to Europe as a sort of sentimental farewell to the European leaders with whom he has worked. Naturally, to take along a 43-year-old newcomer about whom the world is so curious would divide the limelight.

Close Vote Was Healthy

The closeness of the Presidential vote last week may have been the best thing that could have happened to Jack Kennedy and the USA. It should lead him to a more bipartisan administration and bring more unity to the nation.

Kennedy is smart, but his family has shown signs of arrogance. The tactics of his sisters in Wisconsin last spring in deciding what political groups they would deign to favor with their presence, left a sour taste with the press corps.

The closeness of the vote, however, should make the President-elect approach his job with humility, not hauteur. It should emphasize the fact that he owes his victory to a lot of people — Lyndon Johnson, Adlai Stevenson, Estes Kefauver, Harry Truman, Chester Bowles — who got out and beat the bushes almost as hard as he did.

Give 'em II — — — Harry

Toward the close of the recent campaign, Harry Truman was speaking in Abingdon, Va., when someone asked if he was embarrassed by the press criticism of his cuss words.

"No," replied Truman, "If the professors can tell me of some other words I can use to tell Nixon to go to hell, I'll be glad to use them."

Bipartisan Republicans

When Franklin Roosevelt first took office in 1933 after an election that was far more decisive than Kennedy's, he went out of his way to bring two Republicans into the Cabinet. One was Henry Wallace, whose father had served as Secretary of Agriculture in the Harding Cabinet. The other was William Woodin, who was named Secretary of the Treasury.

Later, when the United States faced certain war with the axis, FDR appointed Henry L. Stimson, who had served in both the Taft and Hoover Cabinets, as his Secretary of War;

Think It Through

NONPAYMENT OF DUES — Mr. K. should be fired from the Club for nonpayment of dues. How can a gentleman, such as he, claim all the benefits from belonging to the U.N. without paying his assessments in full when due?

He contributed nothing toward the cost of the Korean War, which was officially a U.N. police action, although actually fought by the U.S.A.

He has paid nothing toward the cost of the Suez crisis four years ago.

Same with the U.N. police action in the Congo. And K. makes it plain that he will pay none of the cost of any U.N. operation which he disapproves.

Nevertheless, he sits, shouts, pounds his desk and votes our destruction!

He conspires and we persevere. We pay 40 per cent of the U.N. cost. He is assessed 13.6 per cent but doesn't pay, except what, and when, he likes.

Before long, the Chinese Reds, who helped kill 35,000 of our boys in Korea, will, in all probability, "shoot their way in" to the U.N., with K.'s help.

That will degrade us before the whole world, which is exactly what nonpaying Mr. K. wants. Does Tito, another Red, who has received \$800 million of our foreign aid, now side with us? No. He sides with K. and Red China.

It is hard to think of a more humiliating situation that any great nation has ever pried herself into, than the U.S.A. in the Disunited Nations.

By WILLIAM L. RYAN

Associated Press News Analyst
If the Soviet man-in-the-street tries, on the basis of what he has been told officially, to figure out what happened in the U. S. election, he is going to be a mighty bewildered citizen.

Throughout the campaign Ivan's newspapers told him Sen. John F. Kennedy and Vice President Richard M. Nixon were Tweedledee and Tweedledum. The American voter, he read, had no choice at all. Both candidates, said the Communist press, served exactly the same interests and had the same predatory imperialist aims.

Even when it was over, a typical official press comment was that "it is impossible to see without a magnifying glass any marked difference between the Republican leader, Nixon and the Democrat leader, Kennedy."

But then Ivan also was told that the election was a repudiation of the Republican party. For Ivan, there was no explanation of how the American voters could repudiate a policy if there was no difference in policies.

Nor did his press attempt to explain to him why an American electorate could repudiate a political party while a Soviet electorate could never hope to do so. "Millions of Americans," Moscow radio told its home audiences, "have given their reply to the arms race, to military provocation and to the aggravation of the cold war which was the foundation of the Eisenhower administration policy."

The election, continued the broadcaster, expressed the people's "profound disapproval of the political course of the U. S. government."

Puzzled Ivan may have wondered:

Looking Backward...

TWENTY-FIVE YEARS AGO
Tom Johnson, son of Mr. and Mrs. Clifford Johnson, formerly of Sedalia, and now of Dallas, Texas, is director of the Southern Methodist University band.

W. C. Ewers, who for 24 years has conducted the general merchandise store at Camp Branch, has disposed of that business and moved with his family to Sedalia. They are residing at 1208 West Sixth street.

FORTY YEARS AGO
Miss Hulda Walker, 1017 South Ohio, a teacher in Whittier school, who has been ill at her home with tonsillitis, is much improved.

Irvin G. Krause, a graduate of the local high school, son of Mr. and Mrs. Lewis O. Krause, 2211 East Broadway, has been awarded a scholarship in Drury College, Springfield, by the YM.C.A. War Work Council. This makes the fifteenth Pettis county boy so awarded a scholarship.

How come Americans get to express profound disapproval of their government? Could Ivan do likewise? And if both Democrats and Republicans represent "big monopoly capital," how can the American people repudiate an arms race by electing one or the other?

If both parties are, as the press has told Ivan, incurably imperialist, how can Comrade Khrushchev expect President Kennedy will represent "the people" any more than President Eisenhower did?

Wasn't President Eisenhower once described by Comrade Khrushchev as a man of peace? And when President Eisenhower succeeded President Truman, who until then had been the main devil in the Soviet press, didn't Ivan read that the Americans elected a Republican as a repudiation of the Democrats and of warmongering and arms-racing?

If an imperialist president is such a menacing dictator, oppressing the American people, how come they can remove him?

Ivan tends to shrug his shoulders, defeated by his puzzle. Those Russians who do otherwise just get more bewildered. Like a fellow I met in a Moscow department store seven years ago.

Sizing me up as an American, he sidled up and demanded: "Is it true all Americans have automobiles?"

I nodded and he squinted suspiciously. "Then tell me this," he pursued. "Why does Truman have aggressive designs on the Soviet Union?"

"Just a minute, I said. 'Truman's not president now. Eisenhower is.'"

He gave me a grin and a knowing wink and said: "Yes but you know, and I know—Truman's still the boss."

The Family Doctor

Miracle Drug Tale Gives New Hope to the Afflicted

By Harold Thomas Hyman, M.D.

The first episode in this medical "fairy tale" told how a forgotten dye for textiles became the first of the miracle anti-infectives.

Then the source of a mouth drug that could replace insulin injections in certain diabetics.

Then a new and effective tool for the control of severe acne.

And then an apparent cause for the temporary relief of the symptoms of multiple sclerosis in a young man who was being given the drug merely to clear his skin condition.

Being a well-trained and cautious physician, Dr. Glen Thomas Sawyer, who treated the young man with acne and multiple sclerosis, repeated the experiment on seven other multiple sclerotics.

"Definite improvement in symptoms and signs was seen in all patients except when a high carbohydrate diet was suddenly started. Deterioration was always seen when placebo capsules (for sham treatment) were substituted for the tolbutamide." Dr. Sawyer reports in the Journal of the American Medical Assn.

But that's not the end of the story. For Drs. E. W. Gates and I. Hyman, after giving the drug to patients with shaking palsy (parkinsonism), describe a reduction in the tremor and rigidity of the disease although the blood sugar level remained constant throughout the course of treatment.

Nor is the end in sight. For we shall undoubtedly see a flood of reports in the near future detailing the effects of tolbutamide on other mysterious diseases, hitherto resistant to treatment.

Now while I feel an impelling obligation to report these observations, especially to the many disheartened readers who've written for helpful suggestions in the conditions referred to, I beg you to use this information with care and discretion.

Please remember that these are preliminary reports of drug effects in conditions that pursue a variable course. Do not let your expectations soar too rapidly despite the fact that these observa-

tions have been made by competent and reliable physicians.

THE SMALL BOYS in a Sedalia family are being taught to say the blessing at the table.

One of them makes it short with "Lord, bless this food. Amen."

But David blesses all the food on the table individually, the salt, the pepper, and everything he sees.

The parents very patiently go through that at each meal David says the blessing — but the blessing was suddenly interrupted one day recently when both parents were certain they smelled something burning in the kitchen — they just had to have an excuse to get out of the room, when David soberly included in his prayer: "and God bless the worms."

The worms were spaghetti. — H. L.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

By Russell A. Mann Jr.
Our Jefferson City Correspondent

You Voted Nov. 8 for 13 "Unknowns"

You may have thought that on Nov. 8 you were voting for Kennedy-Johnson or Nixon-Lodge but you were not. Not directly, that is. You voted for 13 people of whom most Missourians by far have never heard.

These people conducted no campaigns for themselves. They did not make a speech, shake a hand or kiss a baby for votes.

But along with a few other people from the other 49 states, they will choose the next President and Vice-President of the United States.

These "Lucky 13" are Missouri's Presidential electors and are members of the Electoral College. Their number corresponds to that of Missouri's congressional delegation of which there are 11 representatives and two senators.

Names of the "Lucky 13" did not even appear on the ballot. But the first line of "instruction To Voters" on the ballot read: "A vote for names of candidates for President and Vice-President is a vote for the electors of that party, the names of whom are on file with the secretary of state."

On December 19, as required by law, they will meet at the capitol building in Jefferson City. At the time, they will execute six certificates. They will execute the certificates by signing their names 12 times, six times for John F. Kennedy and six times for Lyndon B. Johnson, in this instance. And that's about the extent of their job.

The certificates then are dispatched. One goes by registered mail to the president of the Senate (the Vice-President). Two go to the Missouri Secretary of State. Two go by registered mail to the administrator of General Services in Washington, D. C. And the other goes to the local district judge.

Then, on January 6, shortly after 1 p.m., at a joint session of the House and Senate, Missouri's certificates will be opened by the Vice-President, handed to four tellers of whom two are appointed by the House and two by the Senate, read and recorded along with those from other states. Unless there be objections, the Vice-President then will announce the total votes of the Electoral College and will declare elected the new President and Vice-President. Results will be entered in the journals of each House.

For your information, here are the Democratic electors elected Nov. 8: Mary M. McDermott and Mrs. Elizabeth Pennington, both of St. Louis; James Massey, Kirkwood; Leroy Cox, Raytown; Dr. John F. Baber, Richmond; Ed P. Larkin, Pierce City; Earl Toulouse, Festus; H. Greene Simpson, Kirksville; E. P. Coleman, Sikeston; J. L. Jones, Blackburn; Dr. Claude Ellis, Thayer; and Mrs. Anna Brown and Charles Hipsh, both of Kansas City.

Nursing Homes Improve But Tragedy Impending

The state Division of Health can chronicle dramatic improvements in nursing homes since enactment of the Nursing Home Licensure Law in 1957 following the disastrous Warren fire, but officials feel certain developments taking place outside the purview of the law could mean imminent tragedy.

At the time the law went into effect, about 750 nursing homes were operating in Missouri. Not a single one met the new law's standards. More than 300 simply closed up, seeing no possibility to comply.

Some which closed have reopened along with others which have sprung up, but now call themselves "boarding houses." Boarding houses are not covered under the nursing home law even if they cater to and are filled with old folks. These houses are supposed to offer only bed, board and laundry.

Dr. H. M. Hardwicke, director of the Division of Health, describes them as "danger spots." They appear to meet conditions of an imminent tragedy.

On the other hand, there are 443 nursing homes now operating in the state of which 316 are licensed and comply with the law. The remainder are reported working towards licenses. In addition, there are a few county-operated homes not subject to state licensure.

Other than the problem of "boarding houses," Dr. Hardwicke outlines some other difficulties in the state's nursing home situation:

1. A shortage of personnel in the Division of Health to insure carrying out completely provisions of the law due to budgetary limitations.
2. Inadequate welfare payments for the old folks, particularly those under state Old Age Security assistance, to help them pay for proper care.

3. Failure of most counties to help their old folks in nursing homes, as for instance, supplementing OAS payments.

On the latter point, Dr. Hardwicke feels that the nursing home situation now is about where the community hospital situation was about 50 or so years ago. Then, few communities felt a responsibility to provide hospitals or hospital care. Now, many counties and cities operate hospitals.

Dr. Hardwicke hopes that communities eventually will see a responsibility for nursing home care as they have hospital care and signs point to this solution.

Township Elections, Nov. 21

According to present plans most township elections to elect one or more members to the Agricultural Extension Council will be held on Monday night, November 21st. Two townships, Heaths Creek and Longwood, are combining their meeting for the second year and are meeting at Cartwright School. Dresden and LaMonte will do the same and are meeting at LaMonte.

Other townships that have reported include Sedalia township with the election to be held at Striped College School, Hughesville at Hughesville High School, Bowling Green at Beaman Community Hall, Blackwater at the R-I School, Houstonia at the High School, Prairie at the Camp Branch School, Smithton at Smithton School, Lake Creek at Ringen School, Green Ridge at Bryson Community Hall, Elk Fork at the American Legion Hall and Cedar at Georgetown School. All election meetings will be at 7:30 p.m.

You Can Have IBM Record Keeping

Good Business management may soon outrank technical knowledge as a factor for farming success. The University of Missouri is launching a mail-in farm record and analysis service to begin Jan. 1. The fee will be \$25 annually. Each month the record keeper will mail a sheet showing his expenditures and another showing his receipts to the Extension Office. Neither has to be added. Quarterly the total spent on each item of expense and received as income will be mailed to the family.

Upon receipt of the quarterly statement the first of October, a record keeper could determine somewhat where he stood for the year. If his income was unusually high he might want to buy some fertilizer and other expense items before the end of the year.

By January 10 the annual summary and analysis of the farm operation for the previous year will be in the hands of the farmer plus all itemized totals of expenses and income for income tax purposes.

Information on this record keeping system can be obtained from me or Lloyd Lewellen, Farm and Home Planning Agent.

Cattle Prices May Move Up This Winter

Farmers in the feeding states bought 14 per cent fewer feeder cattle during the first 8 months of this year, so market supplies of fed cattle should be down a little. At the same time, supplies of pork will be skimpy. This could add up to fairly good markets during the winter months.

A University of Illinois economist, says the seasonal pattern of cattle prices has shifted. For

many years we could count on better than average prices for fat cattle in the late summer and early fall. Many farmers developed feeding programs that put cattle on the market from August through November. During the past three years, higher fall market supplies kept prices low—highest fat cattle prices came in February and March.

Get The Most For Your Big Grain Crop

USDA estimates that even with a slightly smaller grain crop we still have a record supply because of the huge carryover from 1959.

Feeding livestock will be the most profitable for many farmers. Grain prices are lower this year while livestock feed prices are more favorable to producers. Feeder pigs are an excellent way to market corn. Bought this fall and winter, they should still hit some good hog markets.

Cattle feeders can use extra grain by feeding to a higher grade. At this point of the cattle cycle the spread between grades is getting wider. Many dairy farmers can profit by feeding more grain to their cows. The extra milk will return more profit than the feed sold as grain.

Storing grain will be the best bet for a farmer who isn't set up for feeding or doesn't have the know-how to do an efficient job. We are now using grain at a record rate, and chances are heavy feeding will continue through the winter. By next summer supplies will be much shorter and prices should improve.

Chore Equipment Can Boost Farmer's Earnings

At a recent farmstead engineering conference in Illinois, a USDA economist said, "Increasing the number of animals one man can handle is one of the best ways to boost net income." He pointed out that with standard equipment, an efficient dairyman can handle up to 31 cows; with some of the most advanced equipment he should be able to handle 65 head.

With hand methods, one man has a full time job feeding 210 steers; with modern equipment he could step up his capacity to 625 head. A hog farmer can handle about 90 litters a year with the average kind of set-up; with up-to-date mechanical methods he should be able to produce 215 litters.

Winter Protection For Roses

In sections like Missouri where winter conditions usually result in injury to the canes, it is necessary to provide some form of winter protection. For hybrid teas, polyanthas, and hybrid polyanthas, the best method is to mound up soil around the base of the plant and to stake and tie all canes that might be blown about, thereby loosening the root system. Pile the soil at least 8 to 10 inches high.

In small rose beds it is better to bring in soil from another part of the garden rather than risk the danger of exposing the roots. This protection should be given right after the first heavy killing frost and while the soil can still be easily worked. Inspect the plants frequently to be sure the soil is not washed away before the ground freezes. Protection by mounding is usually effective in areas where the temperature does not drop below zero.

In regions where the temperature regularly goes below zero, protection in addition to mounding with soil is required. This may be provided by hay, straw, or strawy manure. These materials should be piled about the plants and may be held in place by throwing on a few shovelfuls of soil.

NEW UNLOADING METHOD — This is a simple arrangement that J. W. (Jim) Carter of just east of Windsor has been using to assist in unloading grain into his grain elevator. The elevator is operated by a small motor. The loaded trailer is first pulled past the dump, the frames are placed behind the front

wheels and the trailer is backed up onto them. The dump is then swung into place behind the trailer. Much of the load will flow out by gravity. Those in the picture from left to right are John Wiggins, Mike Carter, Jim's eldest son (with back to camera) and Walter Chipman in the trailer.

To Prevent Sterility

Air Conditioners May Aid Sheep Producers Some Day

Sheep producers may some day use air conditioning to help prevent summer sterility in rams.

Rams kept in air-conditioned rooms were much more fertile than those left in an uncooled room in tests at the University of Missouri. J. R. Brooks, graduate assistant in the animal husbandry department, reported this research at the Sheep Day program on the University campus.

Daily injections of a thyroid hormone did not help rams in the warm room maintain their fertility. In fact, the thyroid treatment at the levels used appeared

to lower semen quality, Brooks said.

Some researchers had thought that a lack of sufficient thyroid hormone might be one reason why rams sometimes do not settle ewes until the breeding season is well along. The thyroid gland has been shown to be important in maintaining fertility in several kinds of animals. Also, in some animals, the thyroid gland is less active during hot weather.

To test this idea, Brooks studied the individual thyroid secretion rates of 16 pure bred Hampshire rams over a wide temperature range. He found that the thyroid secretion rates decreased significantly as temperature went up.

In the second phase of this test, eight of the rams were kept in an air-conditioned room with the temperature near 70 degrees F. Eight other rams were kept in an uncooled room where the temperature stayed near 84 degrees, a temperature level at which rams apparently start losing their fertility quite rapidly.

Brooks found that the semen quality from rams in the cooled room tended to be much higher in quality than those in the uncooled room.

After eight weeks, the rams were switched to the opposite treatment. In addition, half of the rams in each group were given daily injections of the thyroid hormone, thyroxine.

Within three weeks, the majority of the rams moved from the cool to the hot room had gone sterile. Rams that had gone into the cool room had become normal.

Thyroid injections did not speed recovery nor delay the onset of sterility of rams moved to the hot room, according to the University researcher.

Brooks did find big differences between rams in their ability to maintain semen quality under high temperature. This suggests that perhaps lines of rams could be developed by selection that would remain fertile through the summer.

Missouri Sheep Producers Meet At MU Thursday

Sheep producers met at Columbia Thursday to hear University of Missouri animal husbandry researchers report on sheep feeding, breeding, and management experimental work.

The morning program of Sheep Day was held in the Livestock Pavilion on the University campus. In addition to hearing research reports, visiting livestock producers saw animals being used in current test work.

The afternoon's program was held in the Student Union where additional reports were given. Guest speaker was R. H. Dutt, sheep researcher for the Kentucky Agricultural Experiment Station.

Dutt discussed what can be done about summer sterility in sheep.

University staff members appearing on the program included C. V. Ross, W. H. Sellers, John Rea, J. R. Brooks, R. L. Preston, A. J. Dyer, and Glenn Grimes.

Protein Grain Supply Expected to Stay Up

As far as protein feeds are concerned, Extension Economist Tom Brown says supply of these feeds is expected to continue large, too.

The October 1st crop estimate indicated more soybeans being harvested, about the same cottonseed and much more flaxseed than 1959.

Prices on the protein feeds are lower, again making for cheaper feed prices. They average eight per cent lower during the first six months of this year than the prices on protein during 1959.

The total supply of high-protein feeds available for feeding this winter season should about equal the amount on hand this past season.

Feed Grain Near Record For the Year

Feed grain production this year is going to be slightly lower than last year's record. But—University of Missouri extension economist Tom Brown says that by the time feed grain carryover is added in with this year's production, the nation will have eight million tons more than the previous record supply of last year.

Brown predicts a total feed supply of 271 million tons on hand by the first of the year.

Meanwhile, compared with 1959, there's two million fewer units of livestock on U. S. farms to eat this record feed supply. This means cheaper feed prices for 1961, says Brown. Present corn prices are near world market prices.

In Missouri, the average farm price for corn last harvest season and winter was \$1.04 per bushel. Brown predicts the average corn price at-the-farm for the 1960-61 season to be right at one dollar per bushel. They also see a 15 to 20 cent rise from the harvest low to next summer's peak price.

The support price for corn has been lowered six cents per bushel to the national average of \$1.06. Grain sorghum supports remain at \$1.52 per hundredweight.

Horticulture Group Meets First Of Year

The Missouri Horticultural Society is planning its annual meeting in Columbia, Jan. 3 and 4.

Two special features are planned, according to Extension Horticulturist Bill Martin. An authority on the fruit industry, W. A. Luce of Yakima, Wash., will speak. The other feature will be a tour of new facilities in the recently-built Agriculture Building on University of Missouri campus.

Hatchery Convention

Another meeting note — poultry hatcherymen in Missouri hold their 14th annual Missouri Hatchery Convention Nov. 16 to 17 in Kansas City.

Corn Stalks May Contain Some Nitrate

Corn stalks grown in drought areas of Missouri may contain deadly nitrates, according to University of Missouri agricultural chemists.

High concentration of nitrate in livestock forage can cut production, cause reproduction difficulty, and even kill animals feeding on it.

George Garner, agricultural chemist, urges caution when pasturing cattle or sheep on stalk fields heavily fertilized with nitrogen. This applies to nitrogen in the form of barnyard manure or plowed-down legumes as well as chemical fertilizer.

Nitrate tends to concentrate in lower parts of stalks. So, Garner says livestock can safely eat grain and corn leaves but shouldn't be forced to eat the entire stalk.

High nitrate stalks become even more dangerous during humid wet weather. The nitrate is then changed to an even more toxic form, nitrite.

Garner reminds that nitrate content of stalks can be checked quickly by a county agent's test, or a test made at the agricultural chemistry department at the University.

Two Dead, 17 Hurt In School Bus Crash

VISALIA, Calif. (AP) — A small bus filled with Sunday school children and a car spinning crazily out of control collided near here Sunday. One child and the bus driver were killed; 17 were hurt.

"One of the worst I've seen," reported highway patrolman Edward J. Slepicka. "The car looked like a train had hit it."

Killed in the crumpled bus were the driver, Walter Roeben, 50, and one of his 16 passengers from nearby Goshen, Henry Gadbury, 11.

Slepicka said the car hit a water puddle left by recent rains. The crash threw out both occupants and trapped most of the screaming children inside the bus.

New Extension Service Director Named at MU

has been named assistant director of the University of Missouri Extension Service. University President Elmer Ellis announced today.

Evans, whose appointment was effective Oct. 1, will be in charge of extension agricultural programs. He formerly was a professor at the National Agricultural Extension Center for Advanced Study at the University of Wisconsin.

A native of Indiana, Evans has B.S. and M.S. degrees in agricultural economics from Purdue University and Michigan State University, respectively. He earned a Ph. D. degree in extension administration at the University of Wisconsin in 1959.

The new assistant director was extension editor at the University of Maryland in 1950-52. From 1952-55 he was self-employed at College Park, Md., and then was special reports editor at Michigan State University from 1955 to 1959.

New Chapter in Grid Saga Etched Into NFL Annals

Unitas Has Fine Moment; Colts Beat Chicago Bears

By MIKE RATHET
Associated Press Sports Writer

The amazing saga being indelibly etched into National Football League annals by Baltimore quarterback Johnny Unitas today had another stirring chapter.

Blood streaming down his face from gouges on the nose, lips and eyebrows, jaunty Johnny whipped a 39-yard touchdown strike to Lenny Moore with 42 seconds left Sunday as the Colts edged the Chicago Bears 24-20 and retained their hold on first place in the Western Division.

Unitas, a poised 27-year-old veteran of five pro campaigns, had one of his finest moments in the key clash that kept the two-time NFL champions a half-game in front of Green Bay.

Constantly hounded by a rough and rugged Chicago defense, Unitas marched the Colts goalward with the Bears leading 20-17 and time running out. With 1:29 remaining, the drive had reached the 35, but Unitas was smashed to the ground while attempting to pass.

He rose with blood dripping from multiple cuts. After he was again spilled, Unitas went to the sidelines on a time out to have the crimson smears wiped from his face. Back he came with the clock showing 42 seconds to go and Baltimore faced with a fourth and 14 situation.

Unitas took the snap, faded, pumped twice and then threw an aerial that Moore caught in the far corner of the end zone after

eluding defender J. C. Caroline. While the Colts had to battle for a last-minute triumph, the Packers kept pace with an easy 41-7 pasting of winless Dallas. Philadelphia kept its edge over New York in the Eastern Division race by beating Washington 19-13 while the Giants nipped Pittsburgh 27-24.

Cleveland stayed close in the East with a 28-27 victory over St. Louis and Detroit defeated Los Angeles 12-10. San Francisco had a bye.

Unitas, who previously had tossed a 36-yard scoring pass to Moore in the see-saw struggle with the Bears (3-3-1), said he was hit cleanly by Bear end Doug Atkins on the play that bloodied his face. "He got me with his shoulder and forearm," said Unitas. "It was a clean hit."

Two one-yard TD smashes by Rick Casares kept the Bears in front until Unitas unleashed his first scoring pitch to Moore for a 17-14 halftime edge. Field goals of 46 and 37 yards in each of the final periods gave Chicago the lead before Unitas won it for the Colts (6-2).

Jim Taylor ran 28, 4 and 23 yards for touchdowns and Paul Hornung scored 17 points on a 41-yard scoring plunge, a pair of 21-yard field goals and five conversions in the Green Bay (5-2) rout of the Cowboys (0-8). Hornung, who won the scoring title last year with 95 points, had 100 so far this season and is within reach of the record 138 tallied by Packers' end Don Hutson in 1942.

Green Bay plays Los Angeles this Sunday and has a chance to tie the Colts, who draw a bye for the Western lead.

The Eagles, who tackle the Giants the next two weeks in showdown clashes that may decide the Eastern champion, came from behind to beat the Redskins (14-2) in the final quarter on a 28-yard pass from Norm Van Brocklin to Bobby Walston. Walston also kicked two field goals for Philadelphia (6-1), which probably lost fullback Clarence Peaks for the season with a broken bone in his right ankle.

Pat Summerall booted a 37-yard field goal with 30 seconds left for the Giants (5-1-1) uphill triumph over the Steelers (2-5-1) after his 42-yard three-pointer and a 27-yard Charley Conerly to Frank Gifford touchdown pass had brought New York within range. Bobby Layne triggered the Pittsburgh offensive with a 17-yard scoring flip to Buddy Dial, a one-yard TD plunge and a field goal.

Jimmy Brown bucked short yardage for two touchdowns and picked up 173 yards in 28 carries while Milt Plum passed for two scored in the Browns (5-2) win against the Cards (4-4).

Jim Martin's 13-yard field goal proved the winning margin for the Lions (3-4), who broke a 3-3 tie with the Rams (2-5-1) in the third period on a 98-yard drive engineered by quarterback Jim Ninowski.

OKLAHOMA SCORES AGAINST MISSOURI— Oklahoma quarterback Jimmy Carpenter (facing camera) pushes one yard across the goal line to score Oklahoma's third touchdown against Missouri in Norman, Okla., Saturday. The third quarter touchdown pulled Oklahoma

within five points of the league-leading Tigers but Missouri then broke the game open for a 41-19 victory. Missouri defenders include Norman Beal (21) and Jerome Wallach (74) while the Oklahoman in background is Mike McClellan (31). (AP Wirephoto)

Maybe Top Rank

What Lies Ahead For MU Tigers

By JACK CLARY
Associated Press Sports Writer

What's ahead for those surprising Missouri Tigers?

Maybe top national ranking, the Big Eight championship, the Orange Bowl, a perfect season—or disaster this week at the hands of the Kansas Jayhawks.

Each is a possibility and the way heads are rolling among the top teams lately, the latter could almost be labeled a probability. Latest case in point: Minnesota, a 23-14 loser to Purdue Saturday after its amazing football resurgence earned it the top spot a week ago in The Associated Press poll, and had everyone talking Big Ten title, Rose Bowl, undefeated season and national championship.

Now Missouri, which soundly laced Oklahoma 41-19 over the weekend, faces a similar situation. With the Tigers it is all-or-nothing proposition. Currently ranked second with an 8-0 record, they seem almost certain to be the No. 1 team in this week's poll.

Kansas, which ironically has lost its only games to teams ranked No. 1 at the time (Syracuse and Iowa), is banned from post-season play by the NCAA. But the Jayhawks, which wallowed Colorado 34-6 Saturday, have a 5-0-1 Big Eight record compared to Missouri's 6-0. To the winner go the conference spoils, and Mizzou also gets a choice bowl spot, probably the Orange Bowl.

Minnesota, while wounded, is not yet dead. The Gophers can still get a piece of the Big Ten title—and perhaps the nod to go to the Rose Bowl — by beating Wisconsin this week. Iowa ranked fifth, is assured of part of the conference crown after it demolished Ohio State (No. 3) 35-12.

Iowa winds up its 1960 campaign this week against outsider Notre Dame (1-7). A Minnesota victory would match Iowa's 5-1 conference mark. But the Gophers 27-10 win a week ago over Iowa puts

them in the fore if any bowl possibilities raise.

If the Rose Bowl is the place for the Gophers, then they can look forward to meeting Washington, which clinched its second straight Big Five title by beating California 27-7. The sixth-ranked Huskies beat Wisconsin 44-8 in the last Rose Bowl.

Also very much alive in the Southeastern Conference, not to mention the national picture, is Mississippi, fourth-ranked a week ago. Ole Miss soundly laced Tennessee 24-3 and can clinch the SEC title and a spot to defend its Sugar Bowl title by beating Mississippi State this weekend.

Canadians Just Kidding In Hockey

Undated NHL Roundup
By THE ASSOCIATED PRESS
The Montreal Canadiens, who started the season's business as though they were going to give the rest of the National Hockey League clubs a chance at the title, were just kidding.

The world champions have hit their stride and today boasted an unbeaten streak — four victories and a tie — of five games and a three-point margin at the top of the standings.

The Canadiens whipped the New York Rangers, 2-1, Sunday night, their fifth victory in five meetings with the cellar-dwellers. The Chicago Black Hawks, unbeatable on their home ice, pushed into second place by clobbering the Detroit Red Wings, 7-1, while in the other game, the Toronto Maple Leafs turned back the Boston Bruins, 4-2.

Chicago now has 20 points, one more than the Red Wings and the Maple Leafs, who are tied for third.

Gilles Tremblay, a rookie just up from Hull-Ottawa and Dickie Moore scored Montreal's goals in the Canadiens' triumph over the Rangers. Camille Henry got one for New York in the final period. Ranger goalie Gump Worsley made 37 saves, 20 of them in the first period.

Murray Balfour hit for two goals in the Black Hawks' victory over the Red Wings. Chicago now has won six at home and tied two. Goalie Glenn Hall was well along toward his third shutout of the season when Howie Glover dribbled a shot past him at 7:10 of the last period.

Ed Shack, George Armstrong and Red Kelly all scored for the Leafs in the first period against Boston. That was all they needed, but Frank Mahovlich sent the puck into an open net 16 seconds before the end. Vic Stasiuk and Dallas Smith scored for the Bruins in the second period.

Boxing Title is at Stake: Other Big Bouts Planned

By MURRAY ROSE
Associated Press Sports Writer
Undefeated Eder Jofre of Brazil and Mexico's Eloy Sanchez clash in Los Angeles Friday night for the American National Boxing Association's recognition as world bantamweight champion.

Each has agreed that the winner will meet France's Alphonse Halimi, the European-recognized king of the 118-pounders.

Sanchez' punching created the complication. The Mexican knocked out Jose Becerra, his countryman and idol in a non-title fight, and sent Becerra into retirement. This left the title vacant.

Halimi, who had lost the world crown to Becerra, recently won British and European recognition as "world champion" by defeating Ireland's Freddie Gilroy.

Jofre, the South American ruler, is rated a harder puncher than Sanchez. The Brazilian has knocked out 36 foes in posting a 34-0-3 record. Sanchez has a 24-11 record, including six kayos. Each is 24.

The 15-rounder won't be broadcast or telecast in the United States.

Len Matthews, top-ranking lightweight contender from Philadelphia, faces hard-hitting Alfredo Urbina of Mexico in a ten-rounder at the Philadelphia arena tonight. Matthews has a 28-3-2 record, including 19 knockouts. Urbina's record is 27-4-2, including 19 kayos.

Cuba's Isaac Logart, onetime welterweight contender, meets Puerto Rican-born Jose Gonzalez in the feature 10-rounder at New York's St. Nicholas Arena tonight. Logart's record is 60-14-7 compared to the younger Gonzalez' 15-3-1.

Middleweight Henry Hank (46-12-2) of Detroit takes on Ace Armstrong (18-2-1) of Elizabeth, N. J., in a television 10-rounder — ABC TV, 10 p.m., EST—at New York's Madison Square Garden Saturday night. Hank is ranked sixth among the 160-pounders.

Joey Giambra, another middleweight contender, faces rugged Rory Calhoun of White Plains, N. Y., Tuesday night in Giambra's hometown of Buffalo, N. Y.

The same night in Boston, Tom McNeely, unbeaten Arlington, Mass., meets George Logan of Boise in a return bout. McNeely stopped Logan on cuts in their first clash.

Kirkville Halfback Given Chance for Rushing Record

By THE ASSOCIATED PRESS
Dale (Paley) Mills, Kirkville State's superb halfback, has one more chance to shoot for a national career rushing record, and if his performance last Saturday is any yardstick, he should make it without any strain.

Lugging the ball a fantastic 36 times, the 175-pound Mills churned for 293 yards and scored 34 points—five touchdowns and two 2-point conversions—to lead Kirkville to a 54-14 victory over Rolla's Miners. That performance ran Mills' 4-year rushing total to 4,327 yards, just 131 yards shy of the record 4,458 yards held by a fellow Missourian, Leo Lewis of Lincoln University. Counting his last three seasons, Mills is only 32 yards away from the 3-year record by Brad Hustad of Luther, Iowa.

The Kirkville victory, incidentally, clamped the lid on the MIAA title, the Bulldogs' first since 1954. Mills' touchdowns came on runs of 8, 34, 10, 66 and 2 yards as the Bulldogs sealed Rolla's fate of an all-losing season.

Mills will close out his collegiate career Saturday when Kirkville travels to Peoria, Ill., for its final game with Bradley.

Only four other Missouri teams have a game to go, as last weekend represented a general closing of the season. William Jewell entertains St. Benedict's (Kan.) Friday night, while on Saturday, Cape Girardeau journeys to Murray State, Lincoln is at home against Langston (Okla.), and Washington of St. Louis goes to Washington and Lee.

Last weekend provided few sur-

prises. In addition to Kirkville's clincher, Jewell and Missouri Valley wound up in a tie for the MCAU crown. Valley did it with a 40-0 trouncing of Culver-Stockton, while Jewell clipped new-member Graceland 33-14. Charlie Linn and Jack Hansen, each with two touchdowns, paced the Jewell attack.

In the MIAA, defending champion Cape Girardeau finished second by beating Springfield 21-0 on three long touchdown drives, and Maryville won its first home game, clubbing Warrensburg 41-19 in a weird struggle. The Bearcats salted it away with 41 points in the first half as Ken Sanders scored three touchdowns then dared Warrensburg to catch up. The Mules made a run for it, but managed only three touchdowns. Elsewhere, Illinois college shoved over a touchdown in the last three minutes to defeat Central 12-7; Tarkio took it on the chin from St. Mary (Kan.) 38-14; and Washington bowed to Butler (Ind.) 33-6.

MOBERLY, Mo. (AP) — Sam Massaro and Roger Powers of St. Louis took the doubles lead in the men's state bowling tournament during the weekend.

They rolled 1,432 to top the 1,425 posted on the opening day of the tourney Oct. 22 by Robert and Roland Bales, a Kansas City father-son combination.

This was the only major change in the four divisions of the tourney, which closes Jan. 15.

The leaders:
Singles — W. H. Stephenson, Springfield, 770; Robert Degnam, St. Louis, 754; Ed Schreckengast, Kansas City, 753; James Frankier, Kansas City, 751; Pete Origliasso, St. Louis, 746.

Doubles — Sam Massaro-Roger Powers, St. Louis, 1,432; Robert Bales-Roland Bales, Kansas City, 1,425; William Diehl-Leroy Waring, St. Louis, 1,417; Arch Kehr-Raymond Probst, Desperes, 1,409; George Johnson-William Johnson, Raytown, 1,401.

Hopes for Sino-US World Series Aired

TOKYO (AP) — Hopes for an eventual baseball world series between the American and Japanese champions were aired Monday at a hot stove session in the U.S. Embassy.

“Everybody in the room expressed hope a U.S.-Japan series could be started some day,” San Francisco Giants secretary Eddie Brannick reported following an informal meeting of U.S. and Japanese baseball men with American Ambassador Douglas MacArthur II.

Noboru Inouye, commissioner of Japanese baseball, said he envisions such a world series eventually but acknowledged Japanese baseball is not yet competitive enough.

Iowa State, Hillsdale Accept Bowl Bids

EXCELSIOR SPRINGS, Mo. (AP)—The undefeated Iowa State Teachers of Cedar Falls, Iowa, and Hillsdale (Mich.) College have accepted bids for the 11th annual Mineral Water Bowl football game the night of Nov. 26.

The announcement was made Sunday by Phillip Edwards, pres-

ident of the sponsoring Excelsior Springs quarterback club.

Coach Stan Sheriff's Iowa team won the North Central Conference championship and had a 9-0 season record.

Hillsdale, a small college power for years coached by Frank (Muddy) Waters, won eight straight games after losing its

season opener to Northern Michigan.

DO YOU HAVE ARTHRITIS?

Here is a message you will want to read.

Your doctor can tell you there is absolutely NO KNOWN CURE for arthritis. Medical research specialists are now engaged in several projects which, it is felt, will ultimately help in finding a cure, but as yet none has been found. Naturally, we all live in hope they will be successful, but until that time we must be content to get the best relief possible. Right now there is a fast, safe and effective relieving agent available called: PRUVO. Pruvo's ingredients have been used in hospitals and clinics, prescribed by doctors, and have helped scores of men and women to lead happy and full lives. You can be sure nothing is faster, safer or has been proven more effective than Pruvo for a temporary easing of a minor arthritis condition or its related diseases... rheumatism, neuritis, sciatica, lumbago and bursitis. And it's wonderful for backache and every-day muscular aches and pains, too. Try Pruvo today. Ask your druggist for a generous 75-tablet TRIAL-SIZE BOTTLE. You must be satisfied with the results or your purchase price will be refunded by the maker. There are larger, economy sizes also, for continued use. GET PRUVO TODAY AT MAIN STREET DRUG

IF YOUR LAST NAME IS DIFFERENT from the person who has the telephone where you are living, you may be missing many a phone call. A separate listing is ideal for each adult—relative, friend or boarder—whose last name is different from the person in whose name the phone is listed.

BUSINESSMEN can pick up valuable new business, increase profits, keep customers happy by making it easy for people to reach them at home after regular business hours. For instance, list in the directory both your office number and the telephone number to call after business hours. Why not do it today?

YOUNG ADULTS often miss calls—and, worst of all, social events—because friends don't know how to reach them... don't know how their family's telephone is listed in the directory. Why take a chance? Put your name in the phone book. You can pay for the listing out of your allowance or earnings from your job.

ACTIVE WOMEN who are workers in club, church, civic groups often have trouble telephoning each other, because they know each other as Helen Jaynes or Karen Chalmers, don't know the first name or initials of husbands in whose name the phone is listed. End this trouble by listing your name in the phone book, too.

The Symphony's first concert of the season will feature Pauline Deniston and Virgil Woodside, stars of Kansas City's famous Starlight Theatre. These exciting young singers weave a magic spell of gay romance with their thrilling duets from famous operettas, popular song arrangements, and delightful solos.

Pauline Deniston, in addition to being leading lady in numerous shows at Kansas City's Starlight Theatre, has had her own TV show, and has been featured soloist with the Kansas City, Hutchinson and our own Sedalia Symphony Orchestra.

Virgil Woodside's rousing solos, as well as his romantic duets with Miss Deniston, have brought him widespread popularity. Formerly with the St. Louis Muni Opera, he has played leading roles in "The Messiah" and was a popular WDAF Radio singer.

Candidates Contributions To Campaigns Are Reported

WASHINGTON (AP) — Rep. Thomas B. Curtis, St. Louis Republican who won re-election in Missouri's 2nd District, has reported he received contributions totaling \$7,620 and had expenditures of \$7,076.94.

He reported that of his expenditures, \$6,110 went for travel, subsistence, postage and similar items not required to be itemized. The largest contribution received by him was \$2,000 from the National Republican Congressional Committee. The largest expenditure listed was \$501 to Clark-Peeper Co., St. Louis, for furniture rental.

In the 11th District, Rep. Morgan Moulder, Camden-ton Democrat who bid for re-election still is in doubt, said in his preliminary report he had received contributions of \$4,193 and had expenditures of \$5,547 of which \$4,173 did not have to be itemized.

His Republican opponent, Robert A. Bartel, Columbia, listed contributions of \$4,395 and expenditures totaling \$3,594 of which \$1,999 did not have to be itemized. Among contributions reported by Moulder were \$700 from the Democratic Congressional Committee; \$500 from the Railroad Labor Political League, Washington; \$500 from the Missouri Hotel Association and \$200 from the Amalgamated Political Action Committee, Tipton, Mo. His largest expenditures were for time on television stations in Columbia, Jefferson City and Sedalia.

Bartel said he received \$2,500 from the National Republican Congressional Committee; \$500 from the Bankers Congressional Committee and \$500 from J. P. McKay, whose address was not given.

In the 7th District where Rep. Charles Brown, Springfield Democrat, lost to Dr. Durward G. Hall, also of Springfield, Brown listed contributions of \$1,825 and expenditures totaling \$3,125 in his preliminary report.

Hall reported contributions of \$5,000 and expenditures of \$2,431.95.

Of the expenses, Hall itemized \$3,000 from the National Republican Congressional Committee and \$2,000 from the State Republican Committee. His greatest expenditures were for television and radio advertising.

Brown's contributions included \$1,000 from Dexter E. Cox, Springfield. He also reported among others, \$50 from James N. Symington, Washington. Of the expenditures, he said, \$969 went to Pioneer Advertising Co., Springfield, for billboards.

Two of the reporting Missouri nominees said they had received no contributions at the time of the filing of the preliminary reports. They were Rep. W. R. Hull Jr., Weston, 6th District Democrat and Rep. Clarence Cannon, Elsberry, 9th District Democrat. Both were re-elected.

Hull reported expenditures of \$1,490, not required to be itemized, and Cannon expenditures of \$500, all itemized.

Hull's Republican opponent, Ethan H. Campbell, St. Joseph, said he had received \$2,003 and had expenditures of \$5,894 of which \$4,185 was itemized. The contributions included \$895 from the National Republican Congressional Committee. The largest expenditure totaled \$2,626 for newspaper advertising.

Cannon's Republican opponent, Anthony C. Schroeder of Union, said his contributions amounted to \$1,862 of which \$500 came from the National Republican Committee and \$500 from the Franklin

County Republican Central Committee.

Other preliminary reports which had been received early this week from Missouri included: (Some of the expenditures not required to be itemized.)

First Congressional District — Rep. Frank M. Karsten (D), St. Louis, who was re-elected: Contributions \$2,550; expenditures \$2,612. Sam J. Kallaas (R), Jennings, contributions, \$25; expenditures \$35. Among contributions received by Karsten were \$1,000 from the Machinists Non-Partisan Political League, St. Louis; \$500 from the Railway Labor's Political League, Washington, and \$100 from the Democratic Congressional Campaign Committee. Kallaas listed \$25 from the 1st Congressional District Republican Women's Club.

Third District — Rep. Lenor K. Sullivan (D), St. Louis, who was re-elected, contributions \$1,838 and expenditures \$2,245, all itemized. Morton L. Schwartz (R), St. Louis, contributions \$515 and expenditures of \$440 of which \$195 was itemized.

Among contributions reported by Mrs. Sullivan were \$500 from the Machinists Non-Partisan Political League, Washington; \$500 from the United Steel Workers OAC, Pittsburgh and \$100 from the Democratic Congressional Campaign Committee. Largest expenditure was a total of \$1,100 to the Democratic Campaign Committee of St. Louis.

Among the contributions to Schwartz, \$500 was from the National Republican Congressional Committee. He reported spending \$10 for copies of a picture of President Eisenhower and \$76 for 1,000 pens.

Fourth District—Rep. William J. Randall (D), Independence who was re-elected, contributions of \$445 and expenditures of \$721 of which he itemized \$621. Kenneth K. Lowe, Kansas City, his Republican opponent, contributions of \$1,500, all from the National Republican Congressional Committee and expenditures \$1,500, not required to be itemized.

Fifth District — Rep. Richard Bolling (D), Kansas City who was re-elected, contributions of \$2,000 and expenditures of \$400. Clinton Gates (R), Kansas City, contributions \$596 and expenditures of \$2,473 of which \$1,261 was not required to be itemized.

Contributions listed by Bolling included \$1,000 from the Missouri State Committee on Political Education, AFL-CIO, Kansas City; \$250 from the U.A.E. Committee for Good Government, St. Louis; \$250 from the Machinists Non-Partisan Political League, Kansas City; \$250 from Kenneth Burkhead, Washington and J. W. Thomas, Arlington, Va.

35th Convention Of Girl Scouts Attended by 10,000

ST. LOUIS (AP) — Some 10,000 delegates, guests and visitors attended the 35th convention of the National Council of the Girl Scouts here today.

Sunday, the organization presented a 225-blossom Girl Scout garden to the city of St. Louis. National President Mrs. Charles U. Culmer of Libertyville, Ill., made the presentation to City Comptroller John H. Poelker.

From 1960 through 1962, the 3½ million members of the Girl Scouts in this country are celebrating the 100th birthday of Juliette Gordon Low, founder of the movement, and the 50th anniversary of the organization.

Skeleton Thought That of Skindiver

LA JOLLA, Calif. (AP)—Authorities think a skeleton found in 80 feet of water may be the remains of a skindiver killed by a shark in 1959.

Three geologists found the skeleton 650 yards off La Jolla Sunday while diving for the Scripps Institution of Oceanography.

The remains were tentatively reported to fit the description of Robert L. Pamperin, 33, who was last seen being pulled down by a big shark June 14, 1959.

Rough Safe Cracker Sought in San Diego

SAN DIEGO, Calif. (AP)—Police here are looking for a safe cracker with a rough technique.

He tried to open the Southwest Supply Co.'s safe over the weekend by ramming it at full speed with a fork-lift truck. The truck cut a swath through desks, counters and files as the burglar smashed repeatedly at the heavy wall safe.

The safe was only dented.

tional Republican Campaign Committee.

Eighth District—Rep-Elect Richard H. Ichord (D), Houston, contributions \$1,169 and expenditures \$2,870 of which he itemized \$924. Curtis J. Tindell, Cabool, (R), contributions \$1,862 and expenditures of \$1,209 itemized and about \$1,000 not itemized. Ichord succeeded to the post left vacant by the retirement of Rep. A. S. J. Carnahan, Ellsinore Democrat.

Dress Makers Have Spring On the Mind

By SHIRLEY GALLINA

BEVERLY HILLS, Calif. (AP)—Even though the fireplace still cats a rosy glow in many living rooms these November days, it's that time of year when dress designers are thinking about spring.

So here's a preview of what's being turned out on the drawing boards in California:

Briefly stated, the shape of things to come for spring resolves into three dominant shapes. The most favored silhouette is the columnar, a theme with as many variations as there are designers. One of the most important variations is the loose-fitting over-belted—occasionally casually belted—above a slim skirt.

Fashion editors will see them all this week at the 10th annual national press week program sponsored by the California Fashion Creators.

Ooposed to the columnar line is a new approach to the fuller skirt, taking on such names as the "envelope" or "parentheses" line. Here the width is directly above the knees, then tightend at the base of the skirt with a somewhat hobbled look. This is more an optical illusion than fact, for the hem circumference is actually the same as that of a slim sheath.

The emphasis on the asymmetric line will be noted in off-center draping found in oblique lines which result from swirling fabric to one side or the other of the figure. Asymmetric closures, diagonally slanted necklines, and one-sided flounces further underscore this fluid, feminine shape.

Skirts remain static, still short. Necklines will look newest when high in front, very low in back. Cowl drapery, halo collars, and square cut necklines all will offer a wide choice.

Above all, California designers key their fashions to women on the go everywhere. Whether she is a busy young housewife with a suburban home with the emphasis on the casual way of life, or a lady executive who travels at the drop of a hat box, her clothes are geared to movement, ease, and unabashed good looks.

East German Police Stop French Cars

BERLIN (AP) — East German police have stopped six French cars in the Soviet sector of Berlin in two days, a French spokesman reported Sunday. The drivers, all soldiers in civilian clothes, headed back to the French sector after refusing a demand to show their identification papers.

France, like the United States and Britain, maintains that Berlin still is under four-power occupation control and has given orders to its garrison not to recognize jurisdiction of East German police.

Yugoslavia Praises Nasser's Policies

BELGRADE (AP)—Yugoslavia Sunday night praised the foreign policies of President Gamel Abdel

Nasser of the United Arab Republic as "an example of fruitfulness of independent and out-of-bloc activities."

"When hands of state policies are not tied in inter-national affairs with ideological or bloc exclusivities, the field of its useful activities broadens and successes of its peace loving actions multiply," the newspaper Borba declared.

TV Writers Face Script Problem

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—One of the problems confronting all the television writers who this year are so busily adapting the "classics" (a word which unfortunately is used as loosely as "creative" in TV circles) is reconstructing characters and situations to fit dramatic forms.

Books are written to be read, while television is made to look at, and often the twain fail to meet in any recognizable form. Possibly one reason so many persons who have read the book are so outraged and disappointed when they see a TV adaptation is that the dramatized version rarely matches the pictures conjured up in the reader's mind.

For instance, NBC's next Hour of Great Mysteries — Tuesday, 10-11 p. m. will try an adaptation of E. Phillips Oppenheim's "The Great Impersonation," a suspense novel written 30 years ago and long out of print. It so happens, however, that this writer has an affection for the work of E. Phillips Oppenheim that goes back to high school days and only a few months ago, while luxuriating at home with a head cold, re-read "The Great Impersonation."

"Of course, you will play the wife," I said to Eva Gabor, star of the forthcoming production. "Won't this mar' the first time you have played a lady with a bad mental condition?"

"Oh, no," replied Miss Gabor, "I'm playing the Princess Stephanie."

"But Princess Stephanie isn't at all important in the book — all she does is recognize the hero as a former lover and thicken the plot," I protested.

"Well," confessed Miss Gabor, unperturbed, "I think they have built up the part a little bit. Otherwise I won't have accepted the role in the show."

John Vivyan, "Mr. Lucky" of last year's adventure series, will turn up Nov. 27 as a song-and-dance man. He'll co-star with Janet Blair on one of Dinah Shore's very frequent night's off. (John has been studying voice for a long time, but the dancing is something new). Gene Tierney's comeback to show business, a G. E. Theater effort scheduled for last Sunday but knocked off by a political broadcast, is now set for Nov. 27. Gary Merrill has been signed for the narration of ABC's upcoming series based on Winston Churchill's memoirs. Francis Xa-

Adler Is Divorced

SAN FRANCISCO (AP) — Dr. Mortimer J. Adler, 57, an internationally known philosopher and editor, was divorced Thursday in a brief, uncontested court proceeding. His wife, Helen, to whom he had been married 33 years, charged extreme cruelty.

Dr. Adler was the founder and editor of "Great Books of the Western World," a 54-volume encyclopedia of human thought.

vier Aloysius Jeremiah Keenan Wynn will be the guest on Ernest Jennings Ford's program on Nov. 17. Nanette Fabray's new comedy series moves into NBC's Friday night lineup Jan. 6, in the spot now occupied by "The Westerner," first of the season's new gun slingers to lose the ratings battle.

'Omnibus' Return Set For Sunday

NEW YORK (AP) — The big event of the television week is the return — to NBC — of "Omnibus" to the Sunday afternoon schedules after the absence of a season.

The first program (5-6 p. m.) will be entirely devoted to an examination of the institution of the American presidency, called "He Shall Have Power," and starring Larry Blyden and Harry Townes. Alistair Cooke will be back in his familiar role as host.

Also on Sunday there will be an hour-long special on CBS (9-10 p. m.) which sounds promising: "The Influential Americans," a report on educational experiments in progress designed to benefit the gifted child.

There are items of special or passing interest, too, every night next week.

Monday night (9:30-10:30) there is an ABC program marking John Wayne's television debut, which promises to be a 60-minute plug for his new movie. It is called "The Spirit of the Alamo," was taped in Texas and has Laurence Harvey, Richard Widmark, Richard Boone and Frankie Avalon helping out with the chores. Earlier in the evening (7:30-8:30)

NBC has a special called "The Story of a Family."

E. Phillips Oppenheim's 1920 novel, "The Great Impersonation" has been adapted into a hour-long drama for Tuesday night's NBC hour of great mysteries show, with Eva Gabor in an important part. On Wednesday night, CBS' show of the month is an adaptation of "Heaven Can Wait" (9:30-11) with Robert Morley, Anthony Franciosa, Wally Cox and Joey Bishop.

NBC continues its extraordinary devotion to ice shows Thursday. It's "Wonderland on Ice," (7:30-8:30) with Efrem Zimbalist Jr. (of "77 Sunset Strip") in his first guest shot on a special show.

Actresses File Suit Against Husbands

SANTA MONICA, Calif. (AP)—Actresses Shelley Winters and Marilyn Maxwell have sued their husbands for divorce.

Miss Winters has a daughter, Vittoria, by her first marriage to Vittorio Gassman.

Miss Maxwell, 37, charged TV producer-writer Jerry Davis, 43, with extreme cruelty Thursday.

The couple married in New York Nov. 21, 1954, and parted last Sept. 28. They have a son, Matthew, 4.
